emporia

Smart Plug (United Kingdom)

EMP2-A-1
EMP2-A-2
EMP2-A-4

Sold in packages
of 1, 2, or 4 outlets

Description

The Emporia Smart Plug allows you to monitor the energy use and control most home appliances from anywhere with the Emporia App. Control fans, lamps, humidifiers, and other electronics up to 13A, conveniently from your smartphone. Plug your device into the Emporia Smart Plug and connect to the Emporia App. Then you can eliminate wasteful stand-by power, save on electricity, and extend product life.
